NEW HIV VACCINE

When we get scared enough to put the future of **our own health being at risk**, because we are made to think that we are helpless—or that we will die an ignominious death.

- THIS occurred with Spanish Flu 1917 – but it was all created by Medical Marketing— **THERE WAS NO FLU OUTBREAK.**
- AT THE END OF WORLD WAR I, *THEY WERE GIVING SOLDIERS SHOTS OF “ENCEPHALITIS” and “HOOF AND MOUTH” DISEASE IN EUROPE THEN SENDING THEM BACK TO USA.*
- WHEN THEY ARRIVED SICK, THE NATION PUSHED INTO PANIC-TOLD THE WAS THE SPANISH FLU-
- THEN THEY ALL HAD TO WEAR **MASKS AND GET THEIR VACCINE**
- EVERYONE WHO GOT **THEIR “VACCINE” DIED OR BECAME DEATHLY ILL**

COVID-19 is now known as: the CCP Virus.

- ▶ You will see both terms often together so that they are synonymous—this is to that the CCP Virus (blamed on China) is the same thing as Covid-19.

Importance: As COVID-19 has impacted the world, understanding how SARS-CoV-2 replicates and causes virulence offers potential pathways to disrupt its disease. By removing the furin cleavage site, we demonstrate the importance of this insertion to SARS-CoV-2 replication and pathogenesis. In addition, the findings with Vero cells indicate the likelihood of cell culture adaptations in virus stocks that can influence reagent generation and interpretation of a wide range of data including neutralization and drug efficacy. Overall, our work highlights the importance of this key motif in SARS-CoV-2 infection and pathogenesis.

“VAR-AIDS” Dr. Eads says:

- “Yes, we are seeing **vaccine-related acquired immunodeficiency** in the hospital now from the triple vaxxed ...
- It is a **vax injury**,
- We are trying to use everything we can think of to boost up the [immune cell] counts
- Dr. Eads says **that the spike protein made by the body in response to the jab is actually like a Lentivirus**, a type of retrovirus which contains an enzyme that converts RNA into DNA before becoming integrated into the genes of the host.
- **HIV is also a retrovirus** and functions the same way in the body. It is included in the ‘vaccine’.

Decades of deceit

- ▶ Wisner describes NDMA as “a very, very potent human carcinogen.” Discovered in the 1930s during the development of rocket fuel, NDMA “literally has no purpose in our world, except for the fact that it causes cancer,” he says. “It’s actually used in laboratory experiments to induce cancer in animals.”
- ▶ He adds, “[NDMA] is probably something that has caused an innumerable number of people’s cancers, because it was such a widely used product.” Cancers linked to Zantac use so far include bladder, liver, stomach, colorectal, prostate, and [breast cancer](#).

HIV EMERGENCY

- "Based on what we are seeing, the rates right now are excess mortality of 84% and excess of every kind of disease at 1100%.
- We are expecting a **5000%** or so increase in excess mortality for this year (2022). An enormous number. I don't think that it's by coincidence, by the way, **that Moderna has now just received licensure of their emergency use authorization HIV vaccine.**
- So they gave everybody AIDS, and here's your salvation, another vaccine."

One answer Fauci said he did have was that the key to overcoming current vaccine hesitancy is pairing the right medical message with the right messenger.

“You have someone who’s a deeply religious person who will listen to their clergy. That’s different than me with a suit going into an area telling people to do something,” he said.

POPE FRANCIS-HOST WORLD-WIDE MEETING- *DESIRES SCIENTIFIC MIRACLES*

MAY 7, 2021

As spiritual leader to 1.3 billion Catholics around the world, Pope Francis wants to nurture these scientific miracles for the good of all humanity. In his welcoming speech, he tells us how happy he is to have brought us together “from different cultures, societies, and religions” to serve our shared mission of helping “those who suffer” and exchanging knowledge “for the benefit of all.”

THE NEW FACE OF THE SELF-HEALTH MOVEMENT

I've written this book to help you understand what all this excitement is about. I want to empower you to take full advantage of this revolution in diagnostics, biotechnology, and regenerative medicine. It has already changed my life in ways I could never have imagined. It's transforming healthcare from top to bottom. It promises to expand our strength and vitality and potentially how long we can live. I want you to be among the first to benefit from these scientific discoveries, because I know from my own experience how dramatically they can improve the quality of *your* life. In fact, the practical knowledge that I'm about to share with you in these pages might actually *save* your life—or the life of someone you love.

THE NEW SELF-HEALTH MEDICAL MOVEMENT

The speed of the biotech and healthcare revolution is geometrically *accelerating*, for two reasons. The first is a massive inflow of capital. While COVID-19 brought devastation to so many, it also served as a massive stimulus for investment. Despite the pandemic, more venture capital was invested in 2020—including a record \$80 billion in healthcare startups alone—than at any other time in history. There are more dollars than ever before to drive more and more audacious medical and biotech innovations from research into the market.

The second reason is that biology is now an information technology, which means that the field of medicine is getting both better and cheaper at warp speed.

Thanks to technology, every phase of medical treatment is being reimaged. On the front end, sensors and networks are upending medical diagnostics. In the middle, robotics and 3D printing are reinventing traditional medical procedures. On the back end, artificial intelligence (AI), genomics, cellular medicine, gene therapies, and gene editing are transforming medicines themselves.

WITH THE NEW NORMAL- POST COVID

treatments, gene therapy, and other life-changing innovations that amplify the body's natural capacity to repair and renew itself. As you'll soon discover, many of these advances are so stunning that even a nonreligious person would describe them as miraculous!
